Technical drawing of a rectangular plate with the following dimensions and specifications:

- Overall width: 75
- Overall height: 110
- Left edge features three holes with a diameter of $\varnothing 12$ and a center-to-center distance of 20.
- Right edge features four holes with a diameter of $\varnothing 19$ and a center-to-center distance of 168.
- Bottom edge features two holes with a diameter of $\varnothing 23$ and a center-to-center distance of 100.
- Internal dimensions: 45 (width from left edge to first vertical centerline), 119 (height from bottom edge to top of first horizontal centerline), and 19 (width from right edge to last vertical centerline).

Technical drawing of the lock assembly showing front and side views with dimensions:

- Front View (Left):**
 - Overall width: 67
 - Distance from left edge to keyhole center: 40
 - Height of the lock body: 100
- Side View (Right):**
 - Overall thickness: 23
 - Distance from front face to bolt end: 140
 - Distance from front face to top/bottom edge: 164

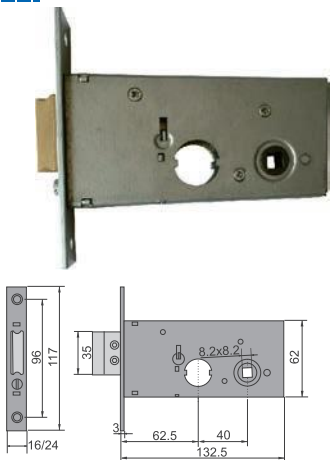

Technical drawing of the lock assembly showing front and side views with dimensions:

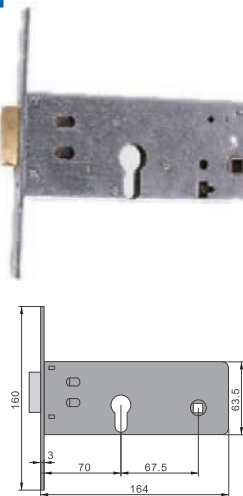

- Front View (Left):**
 - Overall width: 67
 - Width of the handle/plate: 40
 - Height of the lock body: 100
 - Keyhole symbol is present on the front face.
- Side View (Right):**
 - Overall thickness: 23
 - Distance from the front face to the start of the handle: 140
 - Distance from the front face to the end of the handle: 164
 - Two circular mounting holes are shown on the side face.
